Minutes
University of Oregon College of Education

Consortium for the Improvement of Professional Education
June 15, 2010
5:30pm-7:30pm
Education 119

In attendance: Karen Baldwin-King, Carmelita Bradley, Mike Bullis, Carol Fernlund, Melly Holloway, Margaret Mahoney, Gregg Markwardt, Margit Mayr-McGaughey, Phil McCullum, Shaheen Munir-McHill (for Josh Felver-Gant), Mary Lou Pickard, Demian Schwartz, Kim Sherman, Stacey Torres

Call to Order and Welcome
Phil McCullum welcomed everyone to the meeting.

Message from the Dean
Mike thanked members for their service and reiterated the importance of their time, input and feedback to the college. He gave an overview of some highlights from this past year.

COE Student Worksample Data
A copy of the OAR governing worksamples was distributed to members. Karen Baldwin from UO Teach shared information about worksample performance in her program, and asked for input next year on some modifications to the process they want to make. Greg Markwardt shared his SPED worksample, and talked about the process in his program from the student perspective. Kim Sherman talked about the portfolio that is developed in the Administrator Licensure program, and their plans for making it electronic next year.

Student performance on worksamples are scored on a rubric across COE programs. They must score between a 3 and a 4 in order to successfully meet the requirement. Average scores range from 3.5-4.0 at the end of student teaching.

Membership for 2010-11
Members were asked to fill out a membership form for next year and indicate whether they would be continuing and/or if they had any nominations for new members. The chair next year will be a non-COE person. Margaret will be accepting nominations through the summer.

Year-end feedback
Members were asked to complete a survey to gather year-end feedback on Consortium meetings, and the data topics covered. An activity summary of the meetings and the college’s response(s) to membership feedback at each meeting will be included in the Annual Report to TSPC, and distributed to members at the first meeting next fall.
