Some Options to Consider

If you wish to meet with the FHS advisors, it is the practice of the FHS program for both advisors to meet with students when post-admissions meetings are requested.

1. Some students find another major altogether and pursue this option. Similar majors/programs include:

   ✷ (541) 346-4936 Psychology 139 Straub Hall
   ✷ (541) 346-5002 Sociology 736 Prince Lucien Campbell Hall
   ✷ (541) 346-0900 Ethnic Studies 104 Alder Building
   ✷ (541) 346-5529 Women and Gender Studies 315 Hendricks Hall
   ✷ (541) 346-3635 Planning, Public Policy and Management 119 Hendricks Hall
   ✷ (541) 346-7584 General Social Sciences 305 McKenzie Hall

   Students who choose another major can still earn Internship/Practicum credit for human services/school based/civic engagement experiences by participating in the Service Learning Program: http://serve.uoregon.edu

2. Some students stay in school and work on minors/second majors. Psychology, Spanish, Business, PPPM and Special Ed are popular minors. These students typically apply to the FHS program again next year. Some retake any of the Pre-Admit core courses, (FHS 213, FHS 215 and/or FHS 216), if the previous grade earned was below a “B-“. If you repeat a course, the earlier credit received will be removed.

3. Some students take a year off from school to work in the field and then reapply again next year.

4. Some students paying out-of-state tuition return to their home state and finish their degree in the home state. Others transfer to another university in the state of Oregon.

5. If you decide to apply again to the FHS program, next year’s application will be due in mid-January, 2018. Keep in touch with the FHS advisors to determine this date.

   Meetings with Randy and Christi can be set up via email contact.
