¹ CDS 201 must be taken as graded to count toward program requirements

Notes:

- CDS courses are offered one time per year in one section.
- Students must follow the program plan in the sequence indicated above or consult with the CDS academic advisor if they anticipate being out of sequence, which may delay their graduation date. Not taking a class when scheduled could block you from taking classes in future terms.
- All required courses must be completed with a grade of C- or better, or P (for CDS 430 and 431). CDS 201 must be taken for a letter grade.

Communication Disorders and Sciences Program (CDS) Major Requirements

Area A (49 credits)

- _____ LING 150 Structure of English Words (4) >1
- _____ CDS 201 Communication Disorders in Society/Media (4) >IP/US
- _____ CDS 430 Speech Pathology/Audiology as Professions (2)
- _____ CDS 431 Beginning Clinical Methods (3) *Prereq CDS 430*
- _____ CDS 442 Anatomy and Physiology of Speech (4)

**prior to fall 2022, this requirement met by PSY 308

Optional Course:

- _____ CDS 409 Practicum Assistantship (1-3)
-

Transfer courses in CDS or biology are not automatically added to the major portion of degree audits; they must be approved by the department and manually added by the registrar. Check with the CDS undergraduate director if you have relevant transfer credits.

Upper division credits: Students earn a minimum of 45 upper division credits in the CDS major. You will need an additional 17 upper division credits (300 or 400 level courses) for the university graduation requirement.

Pass/No Pass options: Any course without a CDS subject code may be taken P/NP. Of the 180 credits needed for the bachelor's degree, 12 credits may be taken as optional P/NP. P* classes do not count toward the 12 credit limit.

Area B - Choose one course from each of the following (16 credits/4 courses)

- _____ Statistics – Math 243 *or other math statistics course; or statistics course from another field, e.g., psychology, sociology*
- _____ Physical science - *chemistry or physics; PHYS 101 recommended*
- _____ Biological science – *biology, human anatomy/physiology, neuroanatomy/neurophysiology, genetics; biology courses must have a human or animal focus (see degree audit for list of applicable biology courses)*
- _____ Social/behavioral science – *standard allows courses in psychology, sociology, public health, or cultural/social anthropology; PSY 201 or 202, or SOC 204 recommended*

Please note:

- The biological and physical science course requirements will not be fulfilled by courses in research methods, history, or social/cultural aspects of the sciences. Biological science requirements may not be met by CDS courses.
- Transfer courses accepted for area B requirements may be three or four credits.

Area C – Choose one course (4 credits)

Electives courses were chosen to provide students additional content in social, cultural, neurological, and/or linguistic factors affecting human functioning and communication. Prerequisites and general education categories are noted where applicable.

- _____ ANTH 320 Native North Americans >2; *IP/US (ANTH 161)*
- _____ ANTH 322 Anthropology of the US >2 *(ANTH 161)*
- _____ ANTH 329 Immigration Farm Workers Political Culture >2; *IP/US*
- _____ ASL 301 American Deaf Culture >*IP/US*
- _____ LING 301 Introduction to Linguistic Analysis >2
- _____ LING 396 Language and Cognition >2
- _____ PSY 304 Biopsychology >3 *(PSY 201 or 202)*
- _____ PSY 380 Psychology of Gender >2; *IP/US*
- _____ SOC 305 America's Peoples >2; *AC/US (SOC 204 or 207)*
- _____ SOC 311 Introduction to Social Research *(SOC 204 or 207)*
- _____ SOC 330 Sociology of the Family *(SOC 204 or 207)*
- _____ SOC 345 Race and Ethnicity >2; *AC/US*
- _____ SPAN 322* Introduction to Hispanic Linguistics *(major/minor only; prereqs)*
- _____ SPAN 324* Spanish Pronunciation & Phonetics *(major/minor only; prereqs)*

**there are similar courses available for other languages; speak to your advisor to see if those courses apply to the elective requirement*
