### Notes
- **Always** register for a full 16-credit load EVERY FWS term. If you have not advanced & need additional credits, register for CPSY 607 Docsem or CPSY 601 Research.
- **Externship Credits** can only be taken after the completion of the adult practicum and require TD and advisor approval. See website for contract template.
- **Students** who have successfully defended their dissertation and received an internship assignment can apply for up to three terms of “In Absentia” status. They will not be required to pay tuition or fees during these terms. These students must register for at least 1 credit of “CPSY 704: Internship” during the term in which they complete their internship and graduate.
- Students who have not completed their dissertation prior to embarking on an internship must continue to register for a minimum of 3 credits of Dissertation until they successfully defend their dissertation. Once they have defended their dissertation, they become eligible for In Absentia status as described above and will be required to register for at least 1 credit of “Internship” during the term they complete their internship and graduate.
- Please note that the COE continues to implement new research and statistics doctoral core courses. Some course prefixes, numbers, and titles are expected to change. In those cases, both the old course and new course are listed together. Always refer to your handbook for details.
