

UNIVERSITY OF OREGON

**HEART Applied Behavior Analysis Clinic  
University of Oregon  
HEDCO Clinic  
Begins November 2015**

**What?** UO student interns at the HEART ABA Clinic will complete assessments and implement applied behavior analytic (ABA) intervention programs under the supervision of a Board Certified Behavior Analyst (BCBA)/ OR Licensed Behavior Analyst. These one on one programs are developed to improve the behavior, social communication, and academic skills of children with autism spectrum disorder. We use a variety of research based practices including positive behavior support consisting of functional behavior assessment (FBA) and behavioral packages to decrease challenging behavior, applied verbal behavior approach, discrete trial training (DTT), and naturalistic play-based interventions.

Parents will be actively involved in one on one and small group parent training while their child attends sessions.

**Who can participate?** Children ages 3 to 6 years with limited functional language (fewer than 50 words) and a medical diagnosis of autism spectrum disorder. At least one parent must attend all sessions.

**Where?** All sessions will take place in clinic rooms at the HEDCO Clinic on the UO campus. 1655 Alder St. (17<sup>th</sup> and Alder), HEDCO Education Bldg., Ste. 170.  
<https://education.uoregon.edu/admin-unit/hedco-clinic>

**When?** Each Monday, Wednesday and Thursday morning from 9:00 am – 10:30 am. Parents must be able to attend all 3 sessions. We will offer an initial 28 weeks of intervention between November 2015 and June 2016 and then provide time-limited home-based consultation for follow up.

**Are there any benefits to participating?** Build your child's skills and learn how to better support his/her development. Families will receive comprehensive educational assessment report, treatment plan, and ongoing progress monitoring to share with your child's early intervention providers and teachers.

**Is there a cost for participating?** There is no cost for participating. We may have future capability to bill insurers for services.

**Who do I contact for more information?** Please contact Wendy at 541-346-4404 or [wmachali@uoregon.edu](mailto:wmachali@uoregon.edu)
