Options to consider that you may discuss with one of the FHS advisors.

1. Some students find another major altogether and pursue this option. Similar majors/programs include:

   - (541) 346-4936 Psychology 139 Straub Hall
   - (541) 346-5002 Sociology 736 Prince Lucien Campbell Hall
   - (541) 346-0900 Ethnic Studies 104 Alder Building
   - (541) 346-5529 Women And Gender Studies 315 Hendricks
   - (541) 346-3635 Plng., Publ. Policy & Mang. 119 Hendricks
   - (541) 346-7584 General Social Sciences 305 McKenzie

   Students who choose another major can still earn Internship/Practicum credit for human services/school based/civic engagement experiences by participating in the Service Learning Program. [http://serve.uoregon.edu](http://serve.uoregon.edu)

2. Some students stay in school and work on minors/second majors. Psychology, Spanish, Business, PPPM and Special Ed are popular minors. These students typically apply to the FHS program again next year. Some retake any of the Pre-Admit core courses, (FHS 213, FHS 215 and/or FHS 216), if the previous grade earned was below a “B-”. If you repeat a course the earlier credit received will be deducted.

3. Some students take a year off from school to work in the field and then reapply again next year.

4. Some students paying out of state tuition return to their home state and finish their degree in the home state. Others transfer to another university in the state of Oregon.

5. If you decide to apply again to the FHS program, next year’s application due date will be ~January 08 or 15, 2016. Keep in touch with the FHS advisors to determine this date.

If you need to meet with the FHS or Pre-FHS advisor contact:
