Light a Spark!

Share your passion with young people in the Promise Neighborhoods! The Service-Learning Program and United Way of Lane County have partnered to bring UO students into K–12 schools in the community. You have the chance to be a positive adult role model in kids’ lives. You and your peers will plan and lead fun and inspiring after school clubs. You can start your own club or join in one that interests you. Volunteers also receive leadership training and professional development throughout their term of service. This volunteer project offers plenty of opportunities for you to exercise your creativity and initiative! Come help build this great new program!

Start Sharing: Your passion for working with young people • Your love of learning • Your desire to improve community

Commitment:
- One afternoon a week
- Half hour weekly planning
- Two hours training during week one

Development Opportunities:
Professional and personal development opportunities are available, from résume building to lesson planning to leadership.

Earn academic credit for volunteering!
Each seminar is two credits.

EO/AA/ADA institution committed to cultural diversity.
