For Umpqua Community College Transfer Students not enrolled at UO

This form discusses what classes and experiences are helpful in gaining formal admission to the University of Oregon College of Education Family and Human Services program. Transfer students must apply to the UO and to the FHS Program. You will have two applications typically going on at the same time. Please pay particular attention to dates and deadlines.

1. **UO Application for Admission:** [http://admissions.uoregon.edu/](http://admissions.uoregon.edu/)

   Ideally applicants apply in the winter of their second year, (sophomore), of college to begin the program in the beginning of the third year of college or the junior year. The FHS application process occurs once a year, typically around the 15th of January. Applications are available in October in fall term and due January in winter term. The applications are updated yearly and are available for download from the FHS website: [http://education.uoregon.edu/uploads/632/Applic11.pdf](http://education.uoregon.edu/uploads/632/Applic11.pdf)

All FHS applicants will take three FHS pre-admit core courses. It is advantageous to have all three pre-admit core courses done by the time the application is due. Not all applicants may be able to meet this condition. Applicants can be admitted without having the pre-admit core courses complete. Ultimately, the missing pre-admit core course(s) will be completed during the student’s time in the program. The courses must be taken graded and passed with a minimum GPA of 2.75. All three of these courses are requirements of the FHS major and must be completed by all FHS students. **Note for transfer students:** Some transfer students may enroll at UO through dual-enrollment procedures: [http://admissions.uoregon.edu/freshmen/dualenrollment](http://admissions.uoregon.edu/freshmen/dualenrollment) or through the UO Community Education program: [http://cep.uoregon.edu/](http://cep.uoregon.edu/). If this is not possible, course equivalency exceptions may be granted for transfer students. For questions about course equivalencies for the pre-admit courses, required in program courses, or exceptions to admissions requirements, contact Randy Martin, FHS advisor, 541 346-1583, rmartin@uoregon.edu

**UO FHS Pre-admit Core Courses (FHS 213 new this fall 2012/replaces EDST 111)**

<table>
<thead>
<tr>
<th>Course</th>
<th>Credits</th>
</tr>

<tbody>
<tr>
<td>FHS 213 Child/Family Issues and Problems</td>
<td>4</td>
</tr>
<tr>
<td>FHS 215 Exploring Family and Human Services</td>
<td>4</td>
</tr>
<tr>
<td>FHS 216 Diversity in Human Services**</td>
<td>4</td>
</tr>
</tbody>
</table>

It is best to complete the UCC HS 100 and one from HS 267 or CJ 114 at UCC as they will cover two of the three required pre-admit core courses. For students who have not taken the required Pre-Admit Core Courses at UCC or at the UO, the courses listed on this form can be used to establish a “Pre-Admit Core Course GPA” for admission to the Family and Human Services major, *(the pre-admit courses will still need to be taken)*. We recommend students take a sample of up to four of these classes. See notes below for information about the required Pre-Admit Core Courses.
**Pre-Admit Human Services Experiences**
All FHS applicants must demonstrate pre-admit human services experience competence by completing some volunteer or paid or internship/practicum experience. The preferred minimum number of hours of the “human services” experience(s) is 60-100 hours although the more the better. This UCC course will assist with this pre-admit experience admission requirement: **HS 280 - CWE: Human Services.**

**UCC Courses and FHS admission**
*HS 100 Introduction to Human Services* will be accepted as equivalent for UO’s FHS 215 Exploring Family and Human Services.

**CJ 114 Diversity Issues in Criminal Justice** will be accepted as equivalent for UO’s FHS 216 Diversity in Human Services.

**OR**

**HS 267 Cultural Competence in the Human Services** will be accepted as equivalent for UO’s FHS 216 Diversity in Human Services.

**ALSO:** Two “prevention courses” are also required for the FHS degree. One can be transferred from another institution, (UCC), with the other taken at the UO.

One course from below satisfies this prevention course transfer course specific:

- CJ 101 Intro to Criminology
- CJ 109 Contemporary Issues in CJ
- CJ 110 Intro to Law Enforcement
- CJ 130 Intro to Corrections
- CJ 261 Intro to Parole and Probation
- HS 154 Community Resources
- HS 155 Counseling Skills I
- HS 217 Group Counseling Skills
- HS 226 Ethics and Law
- HS 227 Understanding Dysfunctional Families
- HS 229 Crisis Intervention and Prevention
- HS 266 Case Management for Human Services

**Other courses recommended by the U of O for FHS applicants include:**
- ANTH 221-223 Cultural Anthropology
- HDFS 201 Individual and Family Development
- HDFS 240 Contemporary American Family
- SOC 207 Juvenile Delinquency
- SOC 225 Social Aspects of Addiction
- SP 218 Interpersonal Communications
- SP 219 Small Group Discussion

**NOTES:**
For transfer students out of the Eugene/Springfield area, completion exceptions can be granted. For questions about course equivalencies for the pre-admit courses or exceptions to this admissions requirement contact Randy Martin, FHS advisor, 541-346-1583, rmartin@uoregon.edu
UO Transfer Student Information

- When transferring to the University of Oregon, all official transcripts must be submitted to the Office of Admissions. Your coursework is evaluated to determine what credits are transferable. Once this articulation process is completed, the information is made available to Academic Advisors (not prior to that process).

- Once accepted to the UO, transfer students must attend a university orientation and advising session prior to registering. These events are held various times of the year, based on when you are admitted for enrollment. The Orientation Programs information can be found at: http://orientation.uoregon.edu/

- If the FHS application deadline was missed or if a student has too many credits to enter the FHS major, there are still options to complete a degree and still pursue Social Work, Counseling, Education or similar related fields.

- If your particular Community College or school does not have up to date transfer information please contact the FHS advisors for assistance:
  
  Randall Martin rmartin@uoregon.edu 541-346-1583, room 364 HEDCO Ed.
  Christi Boyter cboyter@uoregon.edu 541-346-2476, room 373 HEDCO Ed.

- For more specific information about the UO FHS program visit this website: https://education.uoregon.edu/program/family-and-human-services

Other Helpful Tips for Transfer Students

From the University of Oregon Admissions Office: The UCC-AAOT is acceptable and typically covers all the general education group satisfying requirements, the English composition requirement and in most cases---the two multicultural course requirement.

Degree Objectives for the FHS program--BA or BS or BEd

Most students at UO will ultimately declare either a Bachelor of Arts or a Bachelor of Science degree objective. For a BA degree two years of college level foreign language is required. Note: (Students will need 2 terms of a first year foreign language for admission to UO depending on graduation year from high school--to see these details see this website): http://admissions.uoregon.edu/transfer/apply/secondlanguage.htm

For a BS degree some math and/or CIS coursework is required. – for example, MTH 105, MTH 111, and MTH 243 can count as fulfilling the B.S. Math requirement. Only one math class is necessary for transfer admission to U of O, (Math 105 is suggested for transfer students to the FHS program to gain admission to UO); the other hours can be taken at UO. Higher levels of math can complete the BS math requirement as well. See the UO bulletin for explanation. This is the answer on the UO admissions website regarding this issue: What courses fulfill the math transfer admission requirements?
“For math, a qualifying course must have intermediate algebra as the prerequisite course. (See next page for more on this). The course cannot be remedial in nature (typically below the 100-level). In Oregon, two approved courses include Math 105 or 111. Intermediate algebra (Math 095) does not qualify to complete the admission requirement.”

**BEd**--The BEd is a Professional Baccalaureate degree objective. **Only officially admitted College of Education FHS majors** may declare the Bachelor of Education called the BEd. degree objective. UO admissions Math and Foreign language admissions requirements are still in effect for the BEd as are for the BA and BS intended students. Once you have been formally admitted into the COE check with the FHS advisor regarding this option.

**Two multicultural classes** are required for graduation from U of O and the AAOT does not automatically meet this requirement. The HS 267 class noted above to satisfy FHS 216 does not satisfy this general ed requirement (it only satisfies an FHS pre-admit core course requirement).

**Two written English composition classes** are required for graduation from U of O and the AAOT does automatically meet this requirement

**Second-language proficiency for UO admissions:** Demonstrate with one of the following:

- Two years of the same second language in high school
- Two college terms of the same second language
- Proficiency test (e.g., SAT Subject Test or BYU Foreign Language Assessment)
- Other options for meeting the second-language requirement, including American Sign Language

*Exceptions to this requirement are only considered for students graduating from high schools that do not offer two years of any second language.*

- Meet institutional SAT Reasoning Test or ACT requirements, with a minimum score of 470 on each of two College Board Subject Tests (Math I or IIc and a second test of the student’s choice, in a subject other than mathematics)
- Take high school or college work to complete courses missed in high school. A one-term transferable college course of at least 3 credits (quarter system) is equal to one year of high school work. Applicants are strongly encouraged to contact the UO Office of Admissions to verify that the courses completed will satisfy course pattern deficiencies.
